INDEX

[R] indicates Review article

A

Accretionary Lapilli in a Geosynclinal Environment, J. H. Bateson, 1.

Adams, H. F., *et seq.*, Coal from the Legionary Fortress of Caerleon, Monmouthshire, 469.

Africa, Geological Map of: Essay Review, A. J. Whiteman, 80.

——, Mineral Resources of [R], 564.

Age Determination and Geological Studies [R], 282.

Allen, R., and P. A. Mohr, Deposition of the Middle Cambrian Manganese Carbonate Beds of Wales and Newfoundland, 328.

Amstutz, G. C., Sedimentology and Ore Genesis: Developments in Sedimentology [R], 187.

Anderson, T. B., Evidence for the Southern Uplands Fault in N.E. Ireland, 383.

Appinites in the Caledonides, D. R. Bowes, T. S. Ghaly, and A. .E. Wright, 180.

Audley-Charles, M. G., Miocene Gravity Slide Deposit from Eastern Timor, 267; Gravity Slide Deposits in Timor and Ecuador, 560.

Axial-trace-fractures and Deformed Concretionary Rods in S. Pembrokeshire, P. L. Hancock, 143.

B

Ball, T. K., Two Epidiorite Sills from the Central Grampian Highlands of Scotland, 93.

Banham, P. H., and C. E. Ranson, Contorted Drift and Disturbed Chalk at Weybourne, N. Norfolk, 164.

Barton, R. M., Introduction to the Geology of Cornwall [R], 353.

Bateson, J. H., Accretionary Lapilli in a Geosynclinal Environment, 1.

Bayly, M. B., Correlation between Cleavage-fan Angle and Bed Thickness, 246.

Belemnites, Faunal Realms in Jurassic and Cretaceous, G. R. Stevens, 175.

Beydoun, Z. R., Stratigraphy and Structure of the East Aden Protectorate [R], 467.

Biostratigraphy and Chronostratigraphy, H. D. Hedberg, 451.

Boon, G. C., *et seq.*, Coal from the Legionary Fortress of Caerleon, Monmouthshire, 469.

Boschke, F. L., Creation Still Goes On [R], 87.

Bouma, A. H., and A. Brouwer, Turbidites: Developments in Sedimentology [R], 186.

Bowes, D. R., *et al.*, Appinites in the Caledonides, 180.

Bradburn, E., *et seq.*, Coal from the Legionary Fortress of Caerleon, Monmouthshire, 469.

British Regional Geology: Wealden District [R], 467.

Brooks, M., and E. C. Druce, Llandovery Conglomeratic Limestone in Gullet Quarry, Malvern Hills, and its Conodont Fauna, 370.

Brown, P. E., and J. A. Miller, Potassium-Argon Age Studies in Scotland, 106, 350, 558.

Brown, P. E., and N. J. Soper, Late Orogenic Events in the Northern Part of the Moine Nappe, 285.

C

Campophyllum Edwards and Haime, 206.

Campophyllum flexuosum (Goldfuss), Note on, D. Hill and R. K. Jull, 206.

Carboniferous and Permian Rocks of Spitsbergen and Bjørnøya, J. L. Cutbill and A. Challinor, 418.

Centre-finding in Systems of Lines, M. J. Frost, 445.

Challinor, A., and J. L. Cutbill, Revision of the Stratigraphical Scheme for the Carboniferous and Permian Rocks of Spitsbergen and Bjørnøya, 418.

Challinor, J., "Red Rock Fault," 178.

Chilled Basic Margins in Net-veined Intrusions, B. Windley, 521.

Chlorite, Non-Metasomatic, in Igneous Rocks, E. Lehmann, 24.

Chorley, R. J., *et al.*, History of the Study of Landforms or the Development of Geomorphology [R], 280.

Chromatography in Geology [R], 182.

Chronostratigraphy and Biostratigraphy, H. D. Hedberg, 451.
Cleavage-fan Angle and Bed Thickness, Correlation between, M. B. Bayly, 246.
Coal from the Legionary Fortress of Caerleon, Monmouthshire, H. F. Adams, E. Bradburn, and G. C. Boon, 469.
Comarocystites or *Sinclairocystis* (Paracrinoidea: Comarocystitidae) in the Starfish Bed, Girvan, C. R. C. Paul, 474.
Coniston Grits, Westmorland, Petrography and Provenance of the, R. R. Furness, 252.
Conodonts [R], 279.
Contorted Drift and Disturbed Chalk at Weybourne, N. Norfolk, P. H. Banham and C. E. Ranson, 164.
Cornwall, Introduction to the Geology of [R], 353.
Creation Still Goes On [R], 87.
Cutbill, J. L., and A. Challinor, Revision of the Stratigraphical Scheme for the Carboniferous and Permian Rocks of Spitsbergen and Bjørnøya, 418.

D

Davies, G. L., Francis Bacon and Continental Drift, 347.
de Kun, N., Mineral Resources of Africa [R], 564.
de Sitter, L. U., Structural Geology [R], 562.
Deformation Ellipsoid and the Symmetry Principle, D. Flinn, 36.
Deltaic and Shallow Marine Deposits [R], 183.
Devonian (Middle) Marine Transgression in N. Devon and W. Somerset, B. D. Webby, 478.
Devonian Colloquium at Rennes [R], 351.
Donnelly, T. W., Earth Sciences [R], 87.
Dow, D. B., Evidence of a Late Pre-Cambrian Glaciation in the Kimberley Region of Western Australia, 407.
